If you **DO NOT WANT** the **PLANTS/SHRUBS TRIMMED/PRUNED** or **CLEANED/MULCHED** in a given builder bed, place multiple (4+) RED flags in the mulched area throughout each beds on the day of service. In addition. **For these events PERSONAL (HOMEOWNER) BEDS SHALL BE FLAGGED to indicate that these beds are homeowner's responsibility.**

Residents may choose to decline services for given events as follows:

- If you **DO NOT WANT** a **SPECIFIC AREA MOWED** (wet or other reason), place multiple RED flags around this area.
- If you **DO NOT WANT** your **LAWN MOWED** in a given week, place multiple (4+) RED flags along both side boundaries of your property and in your front yard the day of service. Flags should be visible from both the front and rear of your property. This shows BrightView workers where your lot side lines are.
- If you **DO NOT WANT** your **LAWN FERTILIZED/TREATED** for a specific application, place multiple (4+) RED flags, visible from front and rear, along both side boundaries of your property and in your front yard on the day of service.

Additional Information:

1. **Prior to any lawn treatment or pruning/trimming**, a sign should be posted at the VOLC entrance a day or so before. You may also receive email notification from the grounds team.
2. **For all lawn mowing**, residents are reminded that nothing is permitted on the lot grass areas except splash blocks at the bottom of down spouts. This means that **you** remove flexible downspout extensions the day of service ☺
3. **The normal mow day of week is Wednesday**. Residents are reminded to **NOT WATER** their lawns the day of the lawn mowing.
